

Make a snowy, sparkly, pastel snowflake or two. No appointment needed. Simply follow the steps below and learn to create this wondrous glass project. The prepared mold, glass, and kiln firings are all included.

- Choose your mold
 - Single Large, \$25
 - Double Small, \$30
 - Double Medium, \$40
- Choose your glass colors
 - Use a solid color
 - Create a gradation
 - Mix and match your own design
- Watch the short video to see an overview of the process
- Use the scale & condiment cups to weigh your glass
 - Single Large, 50 grams
 - Double Small, 10 grams per snowflake
 - Double Medium, 30 grams per snowflake
- Fill your mold. Be careful not to scratch or scrape the prepared mold surface
- Use a brush to lightly sweep in stray pieces of glass. Tap to settle the glass into the mold
- Fill out a Snowflake Form and take it to the register

Click the QR code to access the video or go to:

We'll fire your snowflake batch in our kiln and call you when it's ready. (It can take up to 4 days, depending on kiln availability in our studio.)

Enjoy your sparkly snowflake(s) and your shiny new glassmaking knowledge!

ICY SNOWFLAKE FIRING SCHEDULE

SEG	RATE	TEMP	TIME
1	300°F / 167°C	1320°F / °C	0:15
2	AFAP*	900°F / 482°C	1:00
